Even a casual comparison of these prices with our previous listings will quickly show you that we are offering a more varied stock, including many of the newer and finer varieties, at lower prices than ever before. How long has it been since you have been quoted lower prices on anything? We are exceedingly proud of being able to quote you the inclosed reduced prices. We have effected every operating economy we have found possible, then given you the benefit of it in price reductions, and we believe you will be most pleased with the result. One of the things that has made these reductions possible is the elimination of our former elaborate catalog, the cost of which we of course had to pass on to our customers. We think the combination of this PRICE LIST and the alphabetical tabulation of PLANT SIZES AVAILABLE and BLOOM DESCRIPTIONS will serve you better than our former formal catalog, and that you will much prefer it. We would be pleased to have your constructive criticisms and suggestions concerning it. Our shipping facilities are greatly improved and our personnel in the shipping department has become much more efficient from experience. We believe your mail orders will be handled even more satisfactorily than in previous seasons. Thank you for your past patronage. We hope to have the pleasure of serving you again this season.

The Camellia Sasanqua varieties in this PRICE LIST have (Sas) after the name. All the others are Camellia Japonicas.

For a description of a variety or for the size plants available in a variety, refer to the tabulation of PLANT SIZES AVAILABLE and BLOOM DESCRIPTIONS which tabulation is alphabetically arranged by varieties, for your convenience.

The prices of the Camellia Japonica and Camellia Sasanqua are based on the PRICE CATEGORY or PRICE CLASS in which the variety falls. Each variety is placed in this list in the PRICE CATEGORY or PRICE CLASS to which it belongs. The price of each size in each PRICE CATEGORY or PRICE CLASS is shown in the following list:

(Azaleas, broad-leaved evergreens, coniferous evergreens, deciduous trees and shrubs, and miscellaneous plants and grasses are on separate lists—please ask for them if interested).

INSTRUCTIONS FOR ORDERING TERMS AND CONDITIONS OF SALE

PRICES: This price list cancels all previous quotations, and the prices quoted herein are subject to change without notice. Prices are F.O.B. our Nurseries or forwarding station in Mobile.

PACKING CHARGES: Packing is free on all plants, except on B&B stock with balls over 12 inches in diameter. Packing charge on these large plants will be based on the weight of the shipment and not the price of the plant.

MINIMUM ORDER—The prices quoted herein are based on orders of \$5.00 or more. Should you not desire as much as \$5.00 worth of nursery stock you may make your order as small as you wish, by adding 50c to your remittance to cover part of the packing and handling costs.

TERMS: Cash with order, or, C.O.D. if order accompanied by a 25% deposit.

TRANSPORTATION RISKS—We prefer that you specify the carrier you desire. Should you not do so we will select what we consider the most practical carrier. Our responsibility ends upon delivery in good order to carrier, or to you at the nursery. Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid that we can.

PARCEL POST SHIPMENTS—On orders consisting of bare-root plants only, parcel post is much cheaper than Railway Express and we urge you to inclose postage so that you can enjoy this saving. We will refund amount not used. If postage is not sent, we will send amount of postage C.O.D., (plus the 25c or more C.O.D. post office charge. The post office then adds, in addition, a money order fee), or ship by Railway Express collect.

MOTOR FREIGHT—On large orders of B&B or container plants, motor freight, though frequently not yet quite as dependable as Railway Express, is much cheaper, and we suggest that you inquire at your nearest motor freight line about connections and delivery time from Mobile.

SUBSTITUTIONS—We have provided a place on our order blank for you to indicate your wishes in regard to substitutions.

CLAIMS—All claims must be made on receipt of plants. We shall be glad to rectify any mistake made by us, but it is agreed that in no instance will our liability be more than the price of the plant.

QUOTATIONS—All quotations are for immediate acceptance and subject to stock being unsold.

GUARANTEE—All plants are guaranteed to be true to name and in good condition when they leave the nursery. We cannot, however, guarantee them to live, or flower, or guarantee them in any other way, as there are countless conditions beyond our control which can affect them after they leave the nursery. As all experienced growers know, there are certain Camellia varieties which, when grafted, sometimes bloom variegated even though the parent is not variegated, and for this reason, we cannot guarantee grafted plants of these varieties to be true to color in this respect.

"You have made a friend—this shipment came in very pretty, am well pleased . . ."

C. J. W., Rock Hill, S. C.

"The [Camellia] cuttings arrived here the day after you shipped them from Mobile and were in excellent condition . . ."

A. F., Brunswick, Ga.

"The Camellia you shipped to me arrived in very good condition . . ."

Mrs. G. E., Tampa, Fla.
